

## HSM AK 807

### Channel baling press HSM AK 807

For industrial applications with small material loads - Troughput up to approx. 36 m³/h

#### Technical data

|   |               |   |                                      |
|---|---------------|---|--------------------------------------|
| Order number:                                 | 6424000       | Loading aperture width x Loading aperture length: | 450 x 710 mm                         |
| Pressing power:                               | 82 kN         | Bale width x Bale height x Bale length:           | 500 x 500 x 400-800 mm               |
| Specific pressing power:                      | 32,8 N/cm²    | Length x Width x Height:                          | 3940 x 1140 x 1310 mm                |
| Driving power:                                | 4 kW          | Weight:   | 1 t                                  |
| Voltage / Frequency:                          | 400 V / 50 Hz | Type of consumables:                              | Strapping tape                       |
| Cycle time when idling vacío:                 | 17,6 s        | Press material:                                   | Plastic film, Mixed paper, Cardboard |
| Volume throughput in idle operation (theor.): | 36 m³/h       |   |                                      |
| Volume throughput at 50kg/m³ (theor.):        | 1.8 t/h       |   |                                      |

#### Product information

Mainly compresses cardboard and light paper

Manual bale strapping with continuous polyester tape

Integration into automated industrial production processes

# HSM®

### System solution

Integration into automated industrial production processes.

### Continuous loading

Suitable for continuous loading with conveyor belt, air feeding or similar.

### Compact bales

The bales can be stacked and are easy to transport.

### Automatic operation

Control of the pressing process via light barrier.

### Operating side

Can be fully integrated into existing workflows and processes. Operating side can be selected.

### Sturdy design

Very low space requirement thanks to compact and sturdy design.
